All literature available from PFBP uses only the Authorized Version of 1611. Presently the ministry has over 140 pieces of literature available; an up-to-date list is available on the PFBP web site. Included are Gospel tracts, booklets, book marks, Gospel of John, John/Romans, and Missions Faith Promise Cards for church and individual use. The tracts are available in English as well as many other languages. All tracts are normally printed on 50# white bond paper, and are *shipped flat* - the recipient will have to fold them. Samples of tracts, an order form, and pricing are obtainable upon request. To the extent the ministry is able to, missionaries may receive literature free and postpaid.
